Julie,

Of the five SATO licenses, four have FOSLs on file and since there appears to be no change in conditions a new FOSL is not required. The four are: 1) Building A-48, Naval Station Norfolk, VA 2) Building 501, Dam Neck, VA 3) Building NH-140 Fleet Headquarters, Norfolk, VA and 4) Building 3510, Little Creek, Norfolk, VA

For Building M-22 Norfolk Naval Shipyard, Portsmouth, VA a FOSL will be issued.

Mark

Attached are five SATO licenses that have expired and are in the process of being renewed. Please advise of what documentation, if any, is required to determine if the proposed uses will comply with planning requirements, NEPA requirements, cultural resource requirements and environmental requirements. Otherwise, just send your concurrence, I will assume that no additional documentation is required.

Thanks,
